RITA Tournament Committee

Please note important amendment to the Sparring rules below:

I would like to bring your attention to the following amendment to our RITA Tournament sparring rules.

Change in rules for Sparring divisions in RITA tournaments

Introduced in 2015, the ITF rule regarding compulsory technique for sparring will be implemented for all **junior and Senior Sparring** divisions in both RITA tournaments, ITF Ireland Cup and Irish Open. Please note it will not apply to Veteran colour or black belt divisions.

The rule states as follows:

56.2.3 2 points should be deducted from a competitor's score if he or she fails to execute at least midair kick (180° or more) in each round of competition. Only the midair kick (180° or more) which are performed in time of attack and defence or while in contact with the opponent should be recognized as the valid points. The midair kicks which are blindly performed in the air should not be recognized.

This rule stipulates that 2 points will be deducted if a competitor fails to execute a midair 180 kick. This will be implemented by starting all competitors with -2 points and adding back the points once the kick is executed. The centre referee will indicate that the kick has been performed to the Jury President who will cancel the point deduction if they agree that the compulsory kick has been performed.

We believe that by bringing our tournaments in line with International events we will further raise the standard of our competitors and events.
